Program Description

Grade Results provides one-on-one online tutoring your child can access anywhere there is a computer connected to the internet. Our program is tailored to meet the individual needs of your child. Our tutors are available 7 days a week, any time of the day or night. Our program takes 30 hours, and we expect your child will improve up to a full grade level. While working with our McGraw-Hill software or our tutors online, your child will be earning awards points from uBoost, the online rewards program designed to increase student motivation. These points can be exchanged for music downloads, games, even gift certificates at Target. Let Grade Results help your child improve in school while gaining self-confidence and a greater motivation to learn.
